Dear Ben

Response to Consultation Paper 26-01 - Trading Enhancements

The Stockbrokers and Investment Advisers Association (SIAA) is the professional body for the stockbroking and investment advice industry. Our members are Market Participants and Advisory firms that provide securities and investment advice, execution services and equity capital-raising for Australian investors, both retail and wholesale, and for businesses. Practitioner Members are suitably qualified professionals who are employed in the securities and derivatives industry.

The history of the stockbroking profession in Australia can be found [here](#).

SIAA welcomes the opportunity to provide feedback on Cboe's 2026 Trading Enhancements consultation.

We consider that changing Cboe's trading hours timetable to better align trading sessions across Cboe and ASX following the changes ASX made to its timetable with Service Release 15 is a sensible change that we support. The other proposed changes are optional and our members have no objections to them.

Conclusion

If you require additional information or wish to discuss this matter in greater detail, please do not hesitate to contact SIAA's policy manager, Michelle Huckel, whose contact details are in the covering email.

Yours sincerely

Maria Lykouras
Chief Executive Officer
