Technical difficulties

- These should be reported in the Incident report section of the Examination Incident Report Form.

Misconduct and Unauthorised Material

Please refer to SIAA's Academic Misconduct Policy.

Close Supervision Required

- It is a paramount duty of supervisors to prevent the possibility of a candidate availing themselves of unfair assistance. Supervisors must be alert for any actions that appear even mildly abnormal: these may be an early indication of an attempt to gain an unfair advantage. Supervisors cannot physically search or otherwise bodily handle a candidate who may be suspected of having concealed unauthorised material about his/her person. However, a supervisor may request a candidate to roll up a sleeve, stand up or lift a jumper, etc and should report any non-compliance with such requests. All instances of suspicious behaviour should be reported on an Examination Incident Report Form, even if direct intervention was not deemed appropriate at the time.

Unauthorised Material Detected

- Candidates are not allowed to bring mobile phones or text references into the examination room for closed book examinations.
- If a supervisor believes that a candidate has taken information into an examination room which should not have been taken in, or is using unfair means to write examination answers, the supervisor should confiscate all notes and unauthorised aids and submit an Examination Incident Report Form.
- No printing of exam material (other than Examination Complete page) is to be allowed. Any printed material shall be confiscated and destroyed by the supervisor.

Collusion

- Candidates are not permitted to converse with each other, pass notes, exchange materials, read another person's work etc. If it is suspected that candidates are acting in collusion, the supervisor should make a note of their names, separate the candidates if practicable and report the details in writing to SIAA. Supervisors must not enter into arguments with candidates and should endeavour to avoid a general disturbance. Supervisors are empowered to discontinue the examination of a candidate only when interference to other candidates is occurring. Please refer to SIAA's Academic Misconduct Policy.
- No web browsing is allowed or access to other courseware by electronic or other means.

Examination Complete

- Supervisors must collect all notes and materials from the examination room at the end of the examination.
- If an Incident has occurred during the examination, the Examination Incident Report Form must be completed, signed and dated by both candidate and supervisor and returned to SIAA via email to accreditation@stockbrokers.org.au
